RECOGNITION OF THE DEGREES FROM FOREIGN UNIVERSITIES – 1930 - 2020 (CONTRIBUTION TO THE JUBILEE OF THE UNIVERSITY IN NIŠ)

On the occasion of the jubilee, celebrating 55 years of foundation and work of the University of Niš, the authors try to determine whether the issue of recognition of the degrees and certificates from foreign universities was ever regulated in our country, in the times of the Kingdom of Serbs, Croats and Slavs and the later Kingdom of Yugoslavia, i.e. before the Second World War. They cite the Law on Recognition (Receipt) of diplomas from foreign universities and colleges from 1930 in its entirety, as well as the relevant provisions of the Law on High Education from 2017, trying to point out the legal continuity in one of the segments of foundation and continuity and constant development of high education in our country.
