**FROM THE HISTORY OF FORMATION OF THE ARCHEOGRAPHICAL BASE
OF RESEARCH IN THE HISTORY OF SOVIET KAZAKHSTAN**

Summary: The article reveals the features of the organization of archival work in Kazakhstan in the twentieth century. The content of the archeographic research fund on the history of Kazakhstan is analyzed. An analysis is given of documents on key topical issues of Kazakh history in the era of totalitarianism, which ultimately influenced the content of documentary collections published in the Soviet period. The authors conclude that despite the fact that the archeographic fund has been formed, new documentary materials are emerging - memoirs that should not be ignored by archivists.
