

Summary

**SCHOOLS AND CURRICULUMS IN SERBIA IN THE PERIOD
FROM 1941 TO 1944**

The main aim of quisling politics in Serbia during the occupation in the period between 1941 and 1945, an aim encompassing both education and culture, consisted of maintaining order, providing the conditions for a peaceful rule of the invaders and paralyzing any rebellious activity, or to be more precise, the military and political organizations of the PLM. The key role of propaganda was in relation to the fight against communism, which had been named as the main enemy of the Serbian people.
