

Summary

**Regional Community of Self-managing Organisations  
for geological research (1978 - 1986)**

Regional Community of Self-managing Organisations for geological research was founded on December 9<sup>th</sup> 1977. The first law on the research was passed in 1972 and the changes and amendments came in 1975 and 1977. Hydro-geological, geophysical research as well as metal and nonmetal research were carried out. The research was done on coal shale, coal, natural gas, crystal shale and gold on the slopes of Jastrebac, bauxite in the surroundings of Babušnica, lead and zink around Prokuplje as well as much research of different types. The regional SIZ fund for geological research was canceled in 1986.
